

## Preliminary 2019 Division Rankings

**Note:** These rankings and Division assignments are preliminary and subject to change. Changes may be made as a result of new teams entering the League or existing teams leaving. In the past new teams have been placed in the last Division. However, if a new team entering the League is an established team and has a record of times swum, that team may be placed in a Division that more closely approximates the strength of the new team. Additionally, should the League have more than 90 teams (15 complete Divisions) in 2019, the Board will be reviewing our historical practice of creating partial or larger Divisions and placement of these non-conforming Divisions. The ultimate structure and placement of non-conforming Divisions may impact final 2019 Division Assignments.
